*Put a new face on fun!*

No matter what your experience level, you can turn everyday faces into sweet, funny or frightening works of art that move, laugh, grow and always make people smile! The first half of this book features fun, friendly transitions, such as birds and butterflies, puppies and princesses, knights and night skies. Part Two crosses over to the dark side with strikingly horrible, downright unnerving personas, including vampires, zombies, gargoyles and other foul, freakish creeps.

- Easy-to-follow instruction from two award-winning artists
- 50 step-by-step projects ranging from simple to more advanced
- Designs include popular kid and adult themes for parties, performances, Halloween and other occasions
- Expert techniques for painting remarkably realistic textures, making human features virtually disappear, creating the look of age and other surprising, fool-the-eye effects

Full of friendly instruction for beginners and fresh inspiration for seasoned painters, this book will help you make art as original as the face that is painted!
