The truth is way out there. . .

Kia can't imagine why her cousin Mala left planet Nerak to go in search of Earth men. At least, not until she meets a virile, muscular human intent on rescuing her from a bar brawl. At first, Kia just wants undercover cop Nick Scericino to help locate her cousin. . .well, it would be a shame to come all this way without finding out whether everything really is bigger in Texas. . .

Nick knows trouble when he sees it. And right now, trouble is sitting at the bar--black-clad, sexy as hell, and about to mess up his sting operation to take down some Russian mobsters. Kia's certainly not like any woman he's known--flat out demanding sex, and following through with a sensational romp. Either she's crazy or she's not kidding about being an alien. Now the only thing worse than falling wildly in lust with someone who's not playing with a full holodeck is the thought that she'll soon be leaving for a galaxy far, far away. . .

Coming next month: *The Bad Boys Guide to the Galaxy*--the next Planet Nerak book!
