U.S. Constitution For Beginners Steve Bachmann

In a combination of witty text and illustrations *U.S. Constitution For Beginners* take a tongue-in-cheek look at America's most critical legal document. Author and lawyer Steve Bachmann has written a text that touches on the document's history beginning with the Magna Carta. He then traces the events that precipitated its writing, the personalities and motives of the people who create it, and its use and misuses since ratification.

U.S. Constitution For Beginners analyzes crucial elements of this binding set of principles and ponders the future of the Constitution as well as the role of American citizens. Though hotly debated and constantly reinterpreted, the Constitution has survived wars, industrialization, expansion and politicians.
