## Encyclopedia of the City

The *Encyclopedia of the City* focuses on the key topics encountered by undergraduates and scholars in urban studies and allied fields. Contributors include major theoreticians and practitioners, and on other individuals, groups, and organizations which study the city or practice in a field that directly or indirectly affects the city, the *Encyclopedia* necessarily adopts an interdisciplinary and multidisciplinary perspective.

A solid but also provocative starting point for wider exploration of the city, this is a first-class work of reference that will be an essential resource for independent study as well as a useful aid in teaching.
