## **Pushing to the Front** Orison Swett Marden

This revised and greatly enlarged edition of "Pushing to the Front" is the outgrowth of an almost world-wide demand for an extension of the idea which made the original small volume such an ambition-arousing, energizing, inspiring force.

This volume is full of the most fascinating romances of achievement under difficulties, of obscure beginnings and triumphant endings, of stirring stories of struggles and triumphs. It gives inspiring stories of men and women who have brought great things to pass. It gives numerous examples of the triumph of mediocrity, showing how those of ordinary ability have succeeded by the use of ordinary means. It shows how invalids and cripples even have triumphed by perseverance and will over seemingly insuperable difficulties.

The book tells how men and women have seized common occasions and made them great; it tells of those of average ability who have succeeded by the use of ordinary means, by dint of indomitable will and inflexible purpose. It tells how poverty and hardship have rocked the cradle of the giants of the race. The book points out that most people do not utilize a large part of their effort because their mental attitude does not correspond with their endeavor, so that although working for one thing, they are really expecting something else; and it is what we expect that we tend to get.
