Mermaids and the Production of Knowledge in Early Modern England

Tara E., Professor Pedersen

Mermaids and the Production of Knowledge in Early Modern England Tara E., Professor Pedersen

Addressing epistemological questions about embodiment and perception, author Tara Pedersen furthers research about early modern theatrical culture by focusing on under-theorized representations of mermaids in English locations and texts. This study positions the mermaid as a lens through which to reexamine historically specific debates about gender, sexuality, religion, the marketplace, the new science, and the culture of curiosity and travel.
