**Clinical Alzheimer Rehabilitation** Prem P. Gogia, Nirek Rastogi

"If knowledge and preparation are the best defense and offense for [managing AD] challenges....this book is an excellent way to obtain those tools" -- **Shirley Sahrman**, PT, PhD, FAPTA (from the Forward)

Despite the increasing prevalence of Alzheimer's disease (AD), current research remains limited, and AD is still one of the most mysterious diseases to date, even to health professionals. This up-to-date resource for AD clinicians and caregivers serves to demystify AD and dementia at large.

This comprehensive and easy-to-read guidebook contains the latest research on dementia and AD in the elderly population, including the causes and risk factors of AD, diagnosis information, and symptoms and progressions of the disease. Significant emphasis is given to the physical, mental, and verbal rehabilitation challenges of patients with AD.

Key Features:

- Outlines specific rehabilitation goals for the physical therapist, occupational therapist, speech-language pathologist, and general caregiver
- Includes chapters on prevention and treatment of AD, caring for AD patients within the home, and long-term, institutional care of AD
- Provides guidelines on how to address rehabilitation challenges, including strength-building to prevent falls, swallowing exercises to prevent malnutrition, and speech language skills to promote communication

With this book, Gogia and Rastogi set forth the necessary care-giving and diagnostic tools to address the ongoing challenge of caring for AD patients - tools that have been clinically proven to help arrest this devastating, neurodegenerative disease.

### **From reader reviews:**

#### **Hallie Cathey:**

The book Clinical Alzheimer Rehabilitation make you feel enjoy for your spare time. You need to use to make your capable more increase. Book can to be your best friend when you getting stress or having big problem using your subject. If you can make looking at a book Clinical Alzheimer Rehabilitation for being your habit, you can get more advantages, like add your capable, increase your knowledge about a number of or all subjects. You could know everything if you like available and read a reserve Clinical Alzheimer Rehabilitation. Kinds of book are a lot of. It means that, science e-book or encyclopedia or other individuals. So , how do you think about this reserve?

#### **Crystal McMullen:**

As people who live in the modest era should be up-date about what going on or details even knowledge to make these individuals keep up with the era and that is always change and move forward. Some of you maybe will probably update themselves by looking at books. It is a good choice for you but the problems coming to an individual is you don't know which one you should start with. This Clinical Alzheimer Rehabilitation is our recommendation so you keep up with the world. Why, because this book serves what you want and want in this era.

#### **Betty Johnston:**

Reading a e-book tends to be new life style on this era globalization. With examining you can get a lot of information which will give you benefit in your life. Having book everyone in this world can easily share their idea. Publications can also inspire a lot of people. A lot of author can inspire all their reader with their story or their experience. Not only the storyline that share in the ebooks. But also they write about the knowledge about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors in this world always try to improve their skill in writing, they also doing some research before they write with their book. One of them is this Clinical Alzheimer Rehabilitation.

#### **Virginia Johnson:**

Exactly why? Because this Clinical Alzheimer Rehabilitation is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will distress you with the secret the idea inside. Reading this book close to it was fantastic author who also write the book in such incredible way makes the content on the inside easier to understand, entertaining means but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of positive aspects than the other book include such as help improving your expertise and your critical thinking way. So , still want to postpone having that book? If I had been you I will go to the guide store hurriedly.
