Bushido es el conjunto de principios morales que se les enseñaba a los samuráis, el cual, sin haber sido dictado ni escrito, fue desarrollado durante varios siglos de historia militar. Este código enfatiza el valor que tienen algunos preceptos en la vida de los samuráis: rectitud, valor, honor, paciencia, resignación, amor, magnanimidad y cortesía. Serie de cualidades que moldeaban el alma del guerrero como un caballero, en el doble sentido del término.

Esta antología incluye ocho fragmentos de las obras de seis samuráis y un monje zen que vivieron entre los siglos xvii y xix. Son textos que van mucho más allá de las técnicas de combate, para adentrarse en los senderos de la religión y la filosofía.
