Reviews of the "Study It" Series/

"It's obviously an amazing learning tool" - Canada AM, National Morning Show

Study "It": English as a Second Language series is an engaging textbook for teaching non-native English speakers. It takes advantage of the format to include video and audio in a way that supports the lessons and never feels added on as an "enhancement." The textbook uses a number of different assessment formats to allow users to test themselves throughout the book and see their scores. The book even uses the Note function effectively for long-form answers. While the content of the book is challenging, it makes learning grammar easy and fun. - 2015 Digital Book Award Review

“The Study It textbooks are a set of interactive English language multi-touch textbooks that are a fraction of the cost of a paper textbook” - Digital Journal
