If your dream is to learn many foreign languages, that is becoming a polyglot, then this is the right book for you! This book is an effective practical guide to self-study foreign languages. The author examines effective methods and shares precious secrets of great past and present polyglots while explaining how to plan and respect the best learning strategy. The aim is to obtain a high level of competence in a foreign language in a short period of time, suggesting us to learn not just one foreign language, but four! That's right, four foreign languages in 2 years! Even though this ambitious goal may seem extremely difficult, it is not. -Time management is of fundamental importance and with this book you will know what to do (and what not to) to keep track of your time and not waste a single day of study. Embarking on a learning journey is definitely challenging but wonderful. It requires effort, determination and a great study program. The author, a passionate science educator and a self-taught polyglot shares his insight on how to become more productive and accelerate the learning process, saving you time and effort.
