Suite for Human Nature Diane Charlotte Lampert

From the legendary songwriter Diane Lampert, based on a musical piece she wrote with Pulitzer Prize and nine-time Grammy-winning jazz musician Wynton Marsalis, comes an exquisitely illustrated folktale about how we humans got some of our...naughtier traits, and what overcomes them all.

Mother Nature is a very busy woman. Her job is to tend to the Earth and all the creatures that dwell there—she must wake up the bulbs and warm the land in spring, she must freeze the ponds and create snow in winter. But more than anything, Mother Nature wanted children of her own. So with twigs and things she made five: Fear, Envy, Hate, Greed, and Fickle. She asks the most helpless of creatures—the poor, wingless humans—to watch over them as she works. But then her children’s wild personalities begin to seep into human nature in a way that Mother Nature never intended.

A lilting, lyrical ode to all of our human shortcomings and the one trait—love—that can overcome them all.
