Helen Howard Fast

A lawyer scrambles to save a judge-killing hooker from the gallows

No women have been hanged in San Verdo since 1921, but after four decades it looks like that's about to change. Helen Pilasky is far from a sympathetic defendant. She's a known prostitute, and there is strong evidence that she murdered Judge Alexander Knowton, a supreme court justice beloved statewide. More than one hundred thousand people live in San Verdo, and nearly all of them want Helen Pilasky's neck. It is Blake Eddyman's job to save her.

A well-off lawyer whose once promising career has stalled, Blake is caught between his ambition and his fear of failure. Saving Helen seems impossible, but he can't refuse the job. She faces a charge of murder in the first degree. If convicted, the sentence is automatic. Only Blake stands between this enigmatic young woman and the hangman.

This ebook features an illustrated biography of Howard Fast including rare photos from the author's estate.

From reader reviews:

Virginia Benoit:

With other case, little persons like to read book Helen. You can choose the best book if you love reading a book. As long as we know about how is important a new book Helen. You can add information and of course you can around the world by just a book. Absolutely right, due to the fact from book you can know everything! From your country until eventually foreign or abroad you will be known. About simple thing until wonderful thing you could know that. In this era, we could open a book or maybe searching by internet unit. It is called e-book. You can use it when you feel fed up to go to the library. Let's study.

Susan Hare:

Reading a e-book tends to be new life style with this era globalization. With studying you can get a lot of information which will give you benefit in your life. Having book everyone in this world could share their idea. Books can also inspire a lot of people. Lots of author can inspire their very own reader with their story as well as their experience. Not only the story that share in the textbooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors these days always try to improve their skill in writing, they also doing some analysis before they write on their book. One of them is this Helen.

Gary Spengler:

This Helen is great e-book for you because the content which is full of information for you who else always deal with world and get to make decision every minute. This specific book reveal it information accurately using great organize word or we can point out no rambling sentences inside. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with attractive delivering sentences. Having Helen in your hand like finding the world in your arm, facts in it is not ridiculous just one. We can say that no guide that offer you world with ten or fifteen small right but this e-book already do that. So , this is good reading book. Hey there Mr. and Mrs. stressful do you still doubt which?

Alice Winfield:

Do you like reading a reserve? Confuse to looking for your chosen book? Or your book had been rare? Why so many issue for the book? But any kind of people feel that they enjoy to get reading. Some people likes reading through, not only science book and also novel and Helen or maybe others sources were given understanding for you. After you know how the great a book, you feel wish to read more and more. Science book was created for teacher or perhaps students especially. Those guides are helping them to bring their knowledge. In additional case, beside science publication, any other book likes Helen to make your spare time more colorful. Many types of book like this one.
