Millions of people trade stocks in their spare time, supplementing their nine-to-five income with extra profits on the market. This handy guide equips part-time traders with all the necessary tools for successful trading—including guidance on pre-market/pre-work studies and how to make profitable trades without interfering with one's day job. *The Part-Time Trader* focuses entirely on those trading strategies best suited for part-timers, making trading both simpler and more profitable.

- Includes online access to the author's proprietary trading system that offers easy-to-follow guidelines for traders who can't spend all day watching the markets
- Written by the co-founder of SharePlanner Inc., a popular financial website devoted to day-trading, swing-trading (both long and short), and exchange-traded funds

For part-time traders who can't dedicate all their time to watching the markets and reading charts, *The Part-Time Trader* offers straightforward, profitable trading advice.
