## What's Cooking, Mom?: Narratives about Food and Family

What's Cooking, Mom? offers original and inventive narratives, including auto-ethno- graphic discussions of representations, discourses and practices about and by mothers regarding food and families. These narratives discuss the multiple strategies through which mothers manage feeding themselves and others, and how these are shaped by international and regional food politics, by global and local food cultures and by their own ethical values and preference, as well as by those of the ones they feed.
