Post-Christian Feminisms: A Critical Approach Lisa Isherwood, Kathleen McPhillips

This book explores the impact and contribution of post-theories in the field of Christian feminist theology. Post-theory is an important and cutting-edge discursive field which has revolutionized the production of knowledge in both feminism and theology. This book fills a gap by providing a text that can make authoritative statements on the use and status of post-theory in feminist theology, and secondly it makes an on-going contribution to the discourse of Christian feminist theology and its liberation agenda. Distinguished and established scholars contribute conclusive essays on the most recent and exciting developments in post-theory, feminism and theology.
