Life and Teaching of the Masters of the Far East, Vol. 5 Baird T. Spalding

## **ELEVEN MEN embarked upon a journey in 1894 with one objective:**

**...to find the great spiritual teachers of the Far East and witness  
their uncommon abilities.**

Since these Masters were scattered over a wide territory that covered a large portion of India, Tibet, China, and Persia, they knew it could take years of searching many secluded villages and hidden mountain communes. Planning each step of the journey became a challenge knowing that countless miles of rugged terrain separated the remote and isolate locations that were imperative to the exploration. Even though they could plot their route on a map and see where they were headed, the destination deep within the souls of eleven scientifically trained men remained uncertain. Baird T. Spalding and the others were practical in nature and the thought of spiritual masters performing miracles seemed impossible. Despite these suspect thoughts, something compelled them to move onward. So they did.
