Social Theory and the Global Environment (International Library of Philosophy (Paperback))

Ted Benton, Michael Redclift

Social Theory and the Global Environment (International Library of Philosophy (Paperback)) Ted Benton, Michael Redclift

This book marks a watershed in the social sciences. The qualitative, critical perspective of sociology and allied disciplines challenges the technocentric 'managerialism' which dominates environmental policy, its discourse and its impact.

The authors explore the relationship between social theory and sustainability in an attempt to transcend technical rhetoric and embrace a broader understanding of 'nature'.
