Revenue Management: A Path to Increased Profits, Second Edition Ronald Huefner

This book describes the emerging field of revenue management and its applications across a broad spectrum of business activity. It recounts the history and development of revenue management and addresses the analytical tools needed to integrate revenue management into management generally and financial and accounting practice in particular. Revenue Management discusses and assesses various pricing practices and other revenue management techniques. It gives particular attention to the role of capacity analysis and the connection of revenue management to the theory of constraints. While revenue management originated in the service industries, it is now practiced across a broad spectrum of business and not-for-profit organizations. This book will be a useful guide to managers at all levels who wish to give greater consideration to the importance of revenue management in their organizations. The second edition reorganizes the presentation of the subject, adds many new examples, and concludes with a chapter on emerging issues.

The book was written by the very famous author. The writer makes some research before write this book. This particular book very easy to read you can find the point easily after reading this book.

Kellie Stephens:

Many people spending their period by playing outside together with friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to pay your whole day by reading through a book. Ugh, think reading a book really can hard because you have to accept the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Cell phone. Like Revenue Management: A Path to Increased Profits, Second Edition which is keeping the e-book version. So , try out this book? Let's observe.

Richard Mason:

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's spirit or real their interest. They just do what the professor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Revenue Management: A Path to Increased Profits, Second Edition can make you really feel more interested to read.
