The Shenandoah (West Virginia Classics) Julia Davis

In 1945, West Virginia author Julia Davis penned *The Shenandoah* as part of the Rivers of America Series, a landmark collection of books written by literary figures over a period of thirty years. In this classic reprint, now with an introduction by Christopher Camuto, Davis tells the history of the Shenandoah Valley and River, drawing on her own research and the experiences of ancestors who settled and lived in the area. Her book provides a poetic vision of both the river and the valley, preserving a fragment of America's landscape.
